

our mission

Our mission is to work for the understanding, respect, and support of all children with special needs in Framingham.

The Framingham Special Education Parent Advisory Council (F-SEPAC) is run by parents who are concerned about the special needs of children in the Framingham schools. We are a district wide resource to parents/guardians of children with special needs. We are a united voice for special needs children and considered an advisory committee to the Framingham school district and its Special Education Department. The F-SEPAC is mandated and supported by Massachusetts law.

what we do

We assist families to effectively participate in the special education process by hosting informative events and making resources available to them.

We support parents and guardians of children with special needs by hosting a monthly support group.

We meet regularly with the Director of Special Education and advise the Framingham school administration and Director of Special Education on special education issues.

We provide monthly workshops, presentations and discussions for families and professionals.

We host an annual Summer Camp and Recreation Expo where families can find summer activities for their child with special needs.

We acknowledge school professionals by offering professional development points for some of our events.

We communicate via our Yahoo Groups newsletter, website, brochures, library, email and telephone. We have our brochures in Spanish and Portuguese as well as a page in each language on our website.
